

INTERMEDIATE DIPLOMA, LEVEL 2

Electrical Installation

**START DATE**

September 2023

DURATION

1 year

LEVEL

Level 2

STUDY MODE

Full-time

The Level 2 Intermediate Diploma in Electrical Installation is for 16-19 year old learners in fulltime education who are interested in a career as an electrician or electrical engineer. The qualification provides learners with the opportunity to practice and be assessed on the installation of wiring systems together with the relevant theory of electrical installation.

What will I study?

Students will have the opportunity to experience:

- Health and Safety
- Electrical Installation
- Theory and Technology
- Communication, Procedures and Requirements
- Electrical Installation Craft Skills
- Electrical Science and Principles

What can I do after this course?

Many of our students progress onto the BTEC Level 3 Diploma in Construction and Built Environment at Selby College.

Potential Careers

- Electrician
- Electrical Engineer

Entry requirements

Standard Level 2 Entry Requirements apply – Four GCSE passes at Grade 3, one of which will be in English. You will also need a Grade 4 in GCSE Maths. At least two GCSE subjects at Grade 3 are required alongside alternative GCSE equivalent qualifications. Please note: If you have not achieved a Grade 4 or above in GCSE English you will be required to continue studying this alongside your college course.

Assessment

70% Coursework, 30% Exam
