Dripping taps, leaking radiators, why wait for a plumber?

This short course will support you to develop the skills to remove and re fit water filled radiators, and work with popular plumbing fittings to carry out basic plumbing tasks in the home.

Attendance expectations: The course will start at 12:00 through to 17:30.

Please note that all courses are offered subject to enrolment and retention of sufficient numbers. This may mean some groups could be merged to ensure course delivery.

What will I study?

This short course is practically based and will support you to develop the skills to work with plumbing tools and fittings, to carry out basic plumbing tasks within your property.

What can I do after this course?

- DIY Skills in Tiling
- DIY Skills in Joinery
- DIY Skills in Trowel

Assessment

Practical Work: 100%
