

APPRENTICESHIP, LEVEL 3

Installation Electrician/Maintenance Electrician

**START DATE**

September 2024

DURATION

45 months

LEVEL

Level 3

STUDY MODE

Day release

An Electrician will install, maintain and repair electrical systems in different environments including industrial, commercial and domestic, as well as working in both outdoor and indoor settings.

The different electrical equipment and systems may include switchboards, fuses, cables, motors, fault current protection switches, thermal relays, air conditioning, lighting, heating, metering equipment, renewable energy technologies as well as crime and fire alarm systems.

Job Occupations: Installation Electrician, Maintenance Electrician

Planned Duration: 45 months (Practical period: 42 months, End Point Assessment period: 3 months)

Why study this course?

Apprenticeships give you the opportunity to work for a real employer, earn a real salary and gain a real qualification whilst gaining valuable workplace skills and experience. If you are aged 16 or above, are driven to succeed in a particular industry and are willing to commit yourself to training and study, then an Apprenticeship could be the right career move for you.

What will I study?

The apprentice will learn, work, earn and achieve a qualification all at the same time.

To achieve the apprenticeship they will complete the following:

- An industry designed and recognised apprenticeship
- End Point Assessment (AM2 Test - a synoptic practical/knowledge assessment)

The apprentice will work towards the following Functional Skills:

- Mathematics up to Level 2
- English up to Level 2

Learners who have already achieved GCSEs (A-C or equivalent) in Maths and English may be exempt from Functional Skills.

The apprenticeship is mainly work based, with one day per week in college. The apprentice may also be required to attend College for functional skills if needed.

What can I do after this course?

Upon completion of the Apprenticeship, the Apprentice may progress into employment within the sector or complete further studies related to their area of work.

Entry requirements

There are no formal entry requirements for an apprenticeship (unless an employer stipulates any themselves) however all potential apprentices will undertake a basic Maths and English assessment prior to enrolment.

Assessment

AM2 Test - a synoptic practical/ knowledge assessment
